Agenda Item 11: To consider supporting the Action for Homes West Berkshire campaign

SNG (formerly Sovereign) has recently sold several social rent homes in Compton and neighbouring villages. Properties in Manor Bungalows and Fairfield have already been lost, and a further home in Horn Street was placed on the market in April. Similar sales have taken place in the Ilsleys, including two bungalows and a semi-detached house.

These homes provide essential accommodation for residents on low incomes who wish to remain in their communities, close to family, support networks and employment. There is currently no assurance that the proceeds from these sales will be reinvested in new social rent homes within West Berkshire, or specifically within Compton.

SNG has stated that some homes do not meet central government carbon targets and do not align with internal assessments relating to “safety”, “inclusivity”, or “character and delight”. Local campaigners consider these assessments to be inappropriate and not reflective of the communities affected.

A local campaign, *Action for Homes West Berkshire*, has now been launched. The campaign has two aims:

1. To stop further sell-offs of social rent homes.
2. To secure the provision of additional social rent homes in the district.

The Council is asked to consider whether it wishes to formally support this campaign.

Agenda Item 12: To consider actions related to the cancellation of the proposed speed limit changes

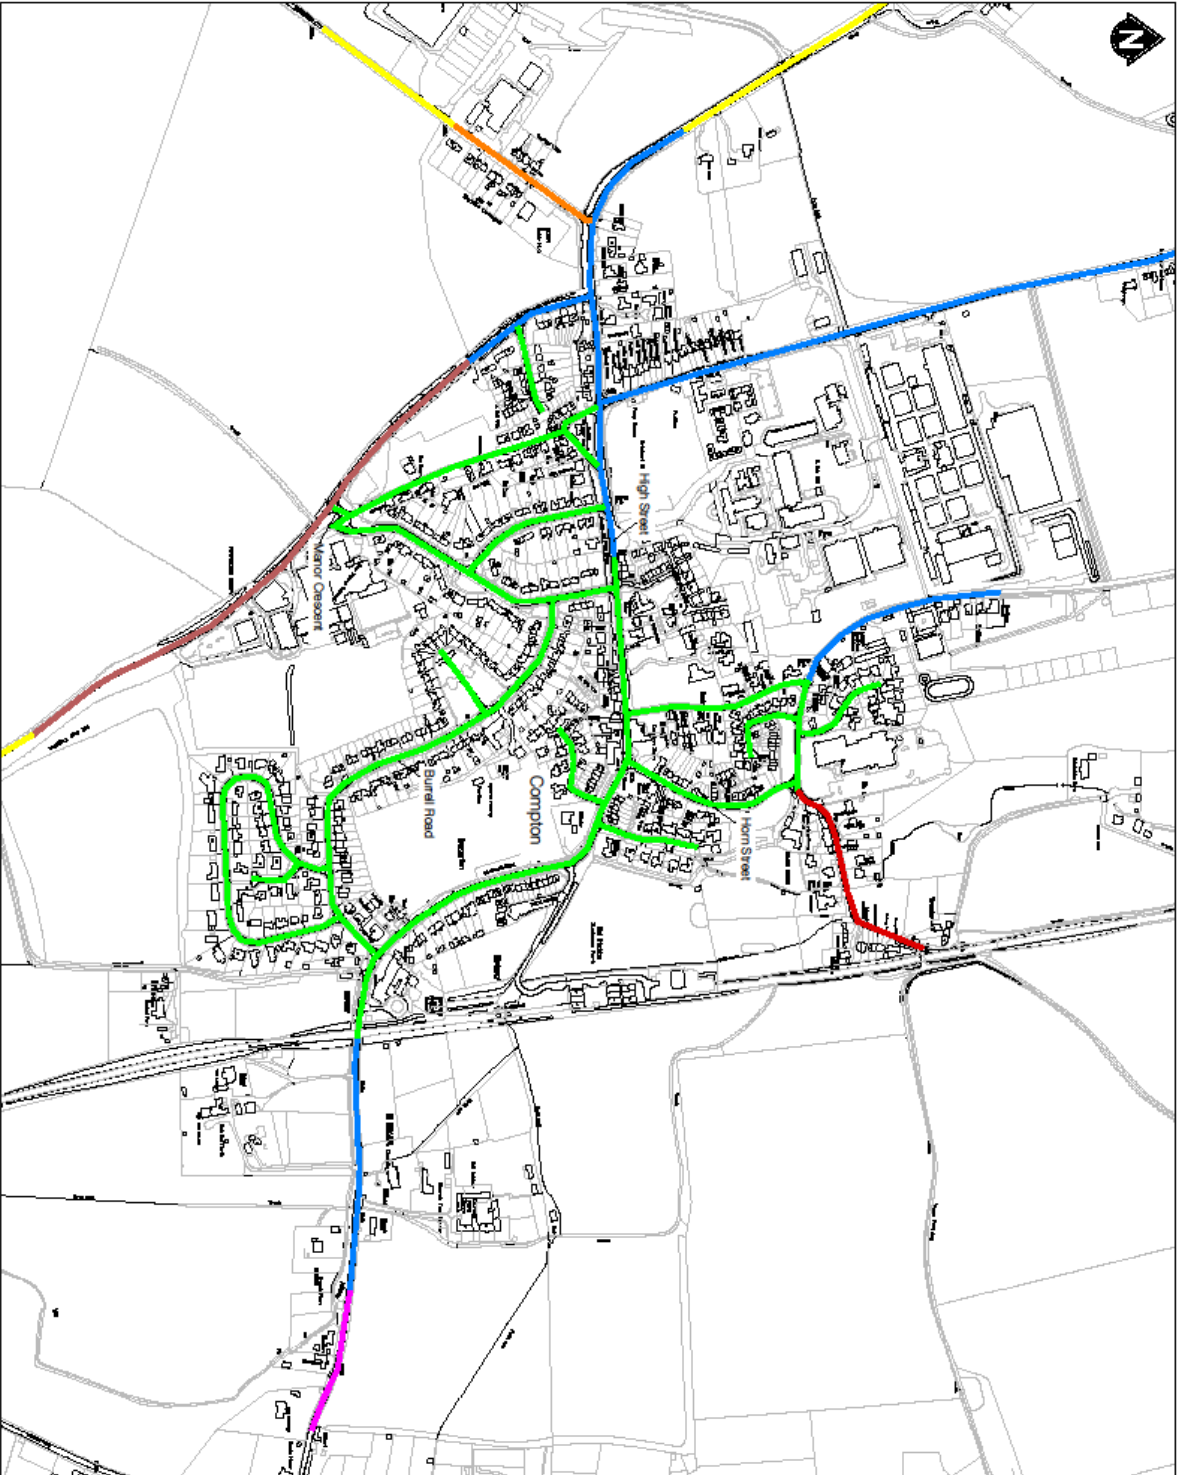

West Berkshire Council has now provided the Parish Council with the proposed layout for a 20mph scheme in Compton. The map supplied by WBC (shown on the next page) shows the areas where a 20mph limit is proposed, together with additional changes to introduce 30mph limits. Councillors should note that several changes are not included in the proposal provided. Specifically, the map does not include:

- Extension of the 20mph limit westwards to the junction with Churn Road.
- Extension of the 20mph limit up Churn Road to the building now used by the pre-school.
- Reduction of the speed limit leaving the village to the west, to extend past the pumping station and the house opposite.
- Extension of the 30mph limit along Aldworth Road to past the junction with Downs Road/Coombe Road, or, if this is not possible, the 40mph limit should be extended further out past this junction, as the current change point begins too close to it.

Councillors will recall that West Berkshire Council recently announced a revised district-wide policy under which new 20mph schemes will only proceed where there is clear and significant support from local residents. Under this approach, WBC has advised that the Compton scheme will only move forward if strong community backing can be demonstrated.

The Parish Council may therefore wish to consider how best to understand local opinion. WBC has suggested that a petition could be used to demonstrate support; however, councillors may prefer to carry out a village survey, which would allow residents to comment not only on the proposed layout but also on the additional changes listed above that are currently missing from the WBC plan.

Councillors are invited to discuss how they wish to proceed.
